

April 2, 2020

Dear Residents and Families:

We currently have no cases of COVID-19 at Sherbrooke. We continue to ask that you not visit at this time unless your loved one is palliative.

The Saskatchewan Health Authority has asked that we provide you with the attached document “**Deciding Whether to Hospitalize Your Loved One**”. This document was developed by the Saskatoon Long Term Care Advisory Council which is a group of residents and family members from Saskatoon long term care homes.

This information is meant to support you in your decision of whether to seek care in the hospital setting or remain at Sherbrooke. If you have questions about this information, please contact the manager of your neighbourhood.

Sincerely,

A handwritten signature in cursive script that reads "Suellen Beatty".

Suellen Beatty, CEO
